GreenroomNewYork.com, GreenRoomChicago.com, GreenRoomLA.com

The GreenRoomOrlando has been online since 1998. Planting a seed of performers to watch an Industry grow has been the motto of the site for the past Ten Years. Formulating the content to match the demands of the talent in the areas of Orlando, Miami, and Tampa Bay, Florida. Miami and Tampa sites came on line in 2003. Content to Tampa came more abundantly from an indie filmmakers perspective, while Miami continued its history of Box Office notables, Commercial Video and Print work, and the strength of the Latin American distributed product.

Greenroom LA went live in 2004 as did Green Room NewYork. Content frequented these pages in 2008 with increase in traffic happening in 2009 stats. 2008 also brought the delivery of content sparingly to Chicago site.

2009 will follow the Media industry from a national vantage with as much home grown material as we can translate.
